Classic City Computing

 1071 B Founders Blvd Athens, GA 30606
 (844)-727-3624

Case Study 2

Business Type: Law Firm – Civil, Criminal, Estate

Date Served: 2016 - Present

Services Provided: Managed IT Services, Software Development, Low Voltage, Expert Technology Witness Testimony

Executive Summary:

The firm first approached Classic City Computing during a period of growth seeking help with IT across its multiple offices and workforce. The Classic City Computing IT experts helped them with items ranging from secure data processing, VOIP phones, Google Cloud implementation and support, WIFI, and full-desk IT support while the low voltage experts worked on business office cabling. Classic City Computing also works with the company's practice management software and helps support them with expert witness testimony on matters related to technology.
